## CERTIFICATIONS

- Completed **The Complete Web Developer course 2.0** online on Jan. 11, 2020 in Udemy.
- Completed **Build a Responsive Site course** on Jan. 4, 2020 in Udemy.

## INTERNSHIP AND WORKSHOP

- **Paper presentation** on 'Comparative analysis on the mechanical behavior of stitched and unstitched flax fiber' in National Conference at EASWARI Engineering college
- Participated in two days **workshop** on 'Additive Manufacturing' at Chennai Institute of Technology.
- Interned at **Lohanrajo Metal Arts** for 2 months. Gained knowledge of the manufacturing and assembly process of BMS panels.
- Attended **web development** event in the TechHACK symposium at Madha Engineering College.

## ACADEMIC PROJECT

### Comparative analysis of mechanical behavior of stitched and unstitched flax fiber

The aim of the project is to determine some important characteristics of flax fiber. Reinforced epoxy flax fiber laminates were fabricated by hand layup process and their tensile, compression and flexural responses were investigated through experimental testing.

**Result :**

The samples of flax fiber-reinforced epoxy laminates have been studied and tested in the respective testing machines. The test results were analyzed and are tabulated according to their properties.
